## Bicycle Regulations

The purpose of bicycle enforcement is to ensure safe and convenient access to UMD bicycle facilities and services. Bicyclists are subject to [Maryland State traffic laws](#) while riding on campus. All State regulations related to traffic laws are enforced by the UMD Department of Public Safety. This includes obeying traffic control signs, riding with traffic in roadways, yielding to pedestrians in crosswalks, and using hand signals. Maryland State Uniform Citations may be issued by police personnel for moving violations. The bicycle operator is responsible for all traffic citations.

### BICYCLE REGISTRATION AND PARKING

Registration is free for all bicycles parked on campus. Registration is required for all bikes parked on campus owned by students, faculty, or staff. Registration is not required for guests or visitors. Bike registration information and procedures are available online at <http://www.transportation.umd.edu/bike.html>

Bicycle registrations are assigned to the registrant and may not be transferred to another person. Liabilities for impound fees, parking fees, and citations incurred are the responsibility of the registrant. Bike registrations do not expire and cannot be renewed.

### BICYCLE IMPOUNDMENT

Bicycle parking is available at racks throughout campus. Bikes parked anywhere other than a bicycle rack, in a state of disrepair, and/or that appear to be abandoned are subject to impoundment, storage fees, and associated fines. Items such as bicycles, locks, chains, helmets, wheels, etc., left on racks for over 72 hours may also be considered abandoned and subject to impoundment. In most cases warning tags are put on the handlebars of bikes 72 hours prior to impoundment. Bicycles left on Shuttle-UM bus racks are not the responsibility of DOTS and are subject to impoundment at the owner's expense.
